

Thinking Moves Outdoors

“Metacognitive strategies have very high impact for very low cost”

Education Endowment Foundation

Practical, high-impact CPD for your whole staff team

Why it matters

- Build a common, shared vocabulary for “thinking about thinking”.
- Equip staff with practical routines to focus on thinking moves in the outdoors (easily transferrable to the indoor classroom also)
- Strengthen pupils’ self-regulation, independence and attainment.

What you'll leave with

- A common vocabulary for metacognition across the school.
- A bank of activities and strategies that work across the curriculum. Applied to an outdoor setting
- Easy-start resources, including the “Thinking Calendar”, enabling systematic practice through the year.
- How to tailor metacognitive strategies for all age groups, from early years to end of Primary
- How to make metacognition become part of daily teaching and learning routines.
- Course fee includes certification and a copy of Thinking Moves A-Z

Who should attend

All teaching and support staff, Subject and phase leaders who will champion practice in teams, SENCOs, the senior team overseeing implementation.

'stunningly simple, but remarkably rich.'

Thinking Moves A-Z provides a basic and common vocabulary enabling teachers and students to talk about, plan for and practise metacognition, and thereby better self-management.

Thinking Moves Outdoors
